

## Review

Use the [project rubric](#) to review your project. If you are happy with your submission, then you're ready to submit your project. If you see room for improvement, keep working to improve your project.

## Submission Template

Use the submission template at the bottom of this section to submit your project. After filling it out, save it as a PDF and submit the PDF in the next section. You may also include your Alteryx workflow if you'd like. If your submission does not meet specifications, having the workflow may help the review identify mistakes.

## Data

- *StoreSalesData.csv* - This file contains sales by product category for all existing stores for 2012, 2013, and 2014.
- *StoreInformation.csv* - This file contains location data for each of the stores.
- *StoreDemographicData.csv* - This file contains demographic data for the areas surrounding each of the existing stores and locations for new stores.

## Project Checklist
